

Gala Recommendation – *The Wacht Arts*

The Corinthian is a beautifully restored, historic building in the midst of downtown. Appearing here is the Great Hall which extends a full city block from Main to Fannin. The colonnade of Corinthian columns soars to a height of 35 feet. There are also overlooking balconies, small reception rooms, and a graceful double stairway leading to the upper level.

The Wackt Arts, contd.

Along the Main Hall, there will be a gallery of living statues, changing poses for the enjoyment of the guests.

For an initial activity, guests would try their hands at making their own hats. Mad Hatter's comes with all the supplies and artists to direct and encourage the participants.

During dinner, Electrix takes the stage to perform magical feats using illusions and static electricity

For the finale, the hall goes dark, and the neon-twirling Poi Dancers perform.
